View the latest *The Look* eCatalog *here*.

The Look online is a free, easy way to get *The Look* into the hands of your customers and potential customers. Exciting new enhancements make this great tool even better! Now you can:

- Add "**virtual sticky notes**" to *The Look* online with product suggestions and personal notes and email it to your customers.
- Encourage customers to create a **wish list** of products to print or email to friends and family.
- Encourage customers to check out **videos** highlighting new products or beauty and fashion trends!
- Post the links to *The Look* on your **Facebook** page, **Twitter** page, etc.

There's also enhanced "zoom" capability and it's more printer-friendly! So...is there any reason why you don't put *The Look*

Done, but with errors on page. Internet 100%
