

Adopt a Mom For Mother's Day

YOU
CAN MAKE A
DIFFERENCE!!

\$25

The Mary Kay Ash Charitable Foundation proudly supports putting an END to domestic violence in our communities. With that in mind, we are "adopting" mothers that have escaped dangerous situations and are currently living in our local women's shelter. If the woman is in the shelter with her children, the gift will be given to them to present to their Mother. The gift will be attractively presented with Mary Kay products with a retail value of more than \$25.

I need your help. Please share this with co-workers, family, friends - everyone you know so we will not have any mother not receiving a gift this Mother's Day. My goal is to provide 200 gifts to the shelter and as a special "thank you" to you for helping me, for every mother you help me get adopted, you will receive any product at 50% off. For example, if you get 10 gifts sponsored, you can receive 10 items at half price. It is simple. Simply have them give you \$25 in cash or check and add their info below. If someone wants to use credit or debit cards have them call me directly.
